Dr. Manoj Shukla
Convener

Dr. Krishan Kant
Patron-cum-Principal

About Ballabgarh

Ballabgarh is a historical town in Faridabad District of Haryana, India, and is part of the National Capital Region. Ballabgarh is only 32 km from Delhi and lies on the National Highway 2. The weather is hot in the month of March and average temperature is 25°C.

About the Institution

Aggarwal College, Ballabgarh, established in 1971 has been accredited A Grade (CGPA: 3.40) by NAAC and awarded College with Potential for Excellence (CPE) status by UGC. It is a co-educational post graduate institution running 12 UG and 08 PG courses. Besides, six add-on courses and two vocational courses sponsored by University Grants Commission are also run to equip students with market oriented innovative skills. (For more details visit www.aggarwalcollege.org)

Theme of the FDP

Knowledge generation and its application for providing goods and services to mankind is key to productivity, prosperity and concomitantly progress. It is possible only when researchers and innovators get motivation and recognition. In this context the onus lies on institutions that the core elements of TRIPS (Trade Related Intellectual Property Rights) an initiative under WTO agreements is properly and timely understood by researchers and innovators. It is utmost necessary that findings at the initial stages or when sent for peer review for final publication or before getting commercialised are given due protection against theft or plagiarism. Most of the time researchers and inventors are not aware of options of obtaining intellectual property protection. This conclave is an effort for making the academia aware of intellectual property rights – its relevance and benefits to both inventors and society at large. Besides the new researchers and entrepreneurs are to be made aware that how existing knowledge in their domain can be retrieved and used in research. Ignorance and unawareness of Intellectual Property Rights may invalidate their work with legal implications. It is only when researchers and innovators are assured that their findings will be duly protected, recognised and rewarded that they will invest time and money in generating and sharing new knowledge and ideas. In the present era when Start-Ups are being promoted, the knowledge and understanding of Intellectual Property Rights will exhort and sensitise the entrepreneurs to put in efforts for discovering new products and processes and it will lead to sustainable economic growth. The seminar will provide a platform to the faculty, researchers and experts in this area to deliberate on this crucial issue.

The one day National level FDP will have four technical sessions in which experts from related institutions will give their talks. The delegates will be given opportunity to interact with the experts on various queries related to intellectual property rights. This FDP will be highly resourceful and beneficial for delegates.

Steering Committee

- **Dr. Krishan Kant**, *Patron-cum-Principal*
- **Dr. S.K. Chakarvarti**, *Ex-NIT, Kurukshetra*
